President Ivins,

No trouble or expense at all. Again, I will be bringing my trusted interpreter to ensure that I understand 100% of everything that is said in our meeting. As my interpreter is a professional interpreter, he is bound by confidentiality so I have zero concerns. Also, no worries about preciseness as I have complete and full confidence in my interpreter to get it right.

I want to add that I trust that you will be fair to me and will follow [Handbook 6.10.2](#) by giving me written notice by email *and* certified mail at least 6 days in advance, as you have done in the past, to announce any disciplinary council taken against me. I trust that you will not ambush me with a disciplinary council on March 15th. If you do plan a council on March 15th, Handbook and common decency requires that you provide me written email and certified mail notice at least six days in advance.

Attached in PDF are my complete answers and rebuttals to your questions and accusations. Also attached is my November 2, 2014 letter to you for your reference.

I believe I have answered all of your questions. I have in turn asked several of my own to you. I do so look forward to reviewing my answers to your questions with you as well as hearing your answers to my questions.

Best,
Jeremy
